The department supports research and studio work within interdisciplinary practice or concentrated work in the following disciplines:
- Ceramics
- Digital Art
- Drawing
- Fashion Design
- Fibers
- Graphic Design
- Industrial Design
- Interdisciplinary Practice
- Interior Design

ADMISSIONS

Admissions Resources
Graduate program admissions for our department are administered through the University’s Graduate School, found here: https://gradschool.wayne.edu/admissions

General Admissions Criteria
You must have a bachelor’s degree from a regionally accredited institution in the United States or a comparable degree from an officially recognized institution outside the United States to apply for graduate admission.

If you are applying to a master’s program, your minimum undergraduate GPA must be 2.75 or the equivalent in upper division coursework.

Admissions Committee
Admissions committees are composed of three (3) full-time faculty members from the Department of Art. Students who intend to study within a given discipline will be assigned the area coordinator as one of the committee members or as an advisor. One member from the admissions committee will serve as the student’s advisor during their first semester.

Advising
At the time of admission, the student will be assigned an advisor. The advisor will help the student plan the course of study. During their first semester the student should select a faculty member, with agreement from that faculty, to be a permanent advisor.

It is also the student’s responsibility to know the program and to maintain close contact with the advisor, in order to keep them informed as to the student’s progress. The student must meet with their advisor every semester to review, plan, and approve the student’s course of studies. If desired, the Graduate Officer is also available for advising.

**Reviews**
MA students may request an optional review in their final semester of study. They must make this request to the Graduate Officer by the start of that semester. The review committee will be composed of 3 full-time faculty. Each committee will include the student’s advisor and two additional faculty members.

**MA Review Procedures:**
- Reviews are normally one hour in length.
- The student is expected to present all work done during the period under review, as well as answer questions.
- The review will begin with an opening statement prepared by the student in the form of a brief 10-minute presentation about the works under review, focusing on those issues that they wish the committee to address.
- The presentation will be followed by an open discussion of up to 30 minutes. The discussion will be moderated by the student’s advisor, addressing the works under review, and focusing on the issues raised by the student during their opening statement.

Graduate School Degree Application
When registering for the final semester, the student must submit a degree application to the Graduate School. The deadline is posted on the Graduate School website and usually falls in the 3rd or 4th week of the semester. Once the student has filed for a degree, the student is then a Candidate for Graduation.

MA students can consult with their advisor and the Graduate Officer to see what space, if any, is available. For safety purposes, students who wish to access classroom facilities should contact their advisor who will then work with the area coordinator to arrange specifics about scheduling and studio use.

Transfer of Credits
No credits can be transferred to the program from any other institution or program at the time of admission. A student may receive up to three (3) credits from another program during their course of study at WSU. The student must submit a request form and provide an official transcript to the Graduate Officer; the student’s review committee must agree to accept this work.

Spring / Summer Semester
Master of Arts course work may be done during the Spring/Summer if appropriate courses are offered.
MASTER OF FINE ARTS (MFA)

Reviews
The MFA student must meet with a faculty review committee each semester of study. By the 8th week prior to each semester’s review, the student must have had a studio visit with each member of their committee (i.e., the student meets with committee members individually to discuss their work). Reviews are usually held in the 12th or 13th week of each semester with the dates varying each term.

MFA Review Procedures
• Reviews are normally one hour in length.
• The student may choose to have an open review with other MFA students attending.
• The schedule is prepared by the Graduate Officer and distributed and posted several weeks in advance.
• The student is expected to present all work done during the period under review, as well as answer questions.
The review will begin with an opening statement prepared by the student in the form of a brief 10-minute presentation about the works under review, focusing on those issues that they wish the committee to address.

The presentation will be followed by an open discussion of up to 30 minutes. The discussion will be moderated by the student’s advisor, addressing the works under review, and focusing on the issues raised by the student during their opening statement.

Following the discussion, the student will be requested to leave the room briefly so that the committee can discuss and vote on a formal action. This discussion is about 10 minutes.

The student is then invited to rejoin the review and will be apprised of the action taken. This step also takes about 10 minutes.

**MFA Review Appeals**

The decisions of a review committee and/or faculty member may be appealed in writing to the Graduate Committee in Art. This committee will discuss the appeal with the Department Chair and the student’s MFA Review Committee and/or other faculty involved. A new grade may be offered. The student will receive a digital copy of the committee’s review summary. The student can then follow up with committee members for further discussion or clarification. The student has the right of access to their graduate files, including 8000-level grades and the written summary of their reviews.

**MFA Review Committee**

For the student’s first semester, the MFA Review Committee will be comprised of the members of the student’s Admission Committee and their first semester advisor will be selected from that committee.

The student should select a permanent committee by the 14th week of their first semester, with agreement from the newly selected faculty and formal approval from the student’s current advisor and Graduate Officer.

MFA Review Committees are composed of 3 full-time faculty at a minimum. Students who intend to study within a given discipline will be assigned the area coordinator as one of their ongoing committee members. Committee membership may also be adjusted according to faculty schedules and assignment.

**Changes to the MFA Committee**

Any changes in the MFA Review Committee must be approved by the student’s advisor, who then notifies the Graduate Officer of any changes. Students may request to add or replace one full-time faculty member per term. A student must request a change in the composition of the committee by the third week of the semester.

**Visiting Artist / Critic**
Each semester, a visiting artist/critic will be invited to be a part of the graduate review process. The visiting artist/critic attends all MFA reviews and serves without a vote. Recommendations for visiting artist/critic can be made to the committee by faculty and graduate students.

**Graduation Requirements**
When registering for the final semester, the student must submit a degree application with the Graduate School. The deadline is posted on the Graduate School website and usually falls in the 3rd or 4th week of the semester. Once the student has filed for a degree, the student is then a Candidate for Graduation.

**Thesis Exhibition (Designate Plan A on the Plan of Work)**
As a degree requirement, the MFA student must present a final thesis exhibition prior to graduation. All MFA exhibitions are to be held in the WSU Community Art Gallery during the Winter term. The design, presentation, and publicity for the show is done in conjunction with other graduating candidates. The Graduate Officer and the Exhibitions Curator are available to assist with the exhibition. The MFA student must write an artist’s statement, in consultation with the advisor. The statement will accompany the thesis show. The student will document the exhibition with digital images and submit these to the Graduate Officer.

**Written Thesis Document**
The student will produce a thesis, essay, book, or other writing to accompany their thesis exhibition in consultation with their advisor. The writing should be a minimum of 8 pages (4000 words) in length. The writing is due by the end of the student’s final semester.

**Image Portfolio**
Prior to graduation, the candidate must provide their advisor with a portfolio of 20 images of works executed during graduate studies including images of the thesis exhibition. Images are due by the end of the student’s final semester.

**Final Review**
The student must receive a satisfactory review (S, passing) for the review in their final semester. This review will be held at the student’s thesis exhibition.

**Studio Space and Facilities**
The Department ordinarily provides individual studio spaces to all MFA students. These are assigned on the basis of seniority, area concentration, and space availability.

Graduation provides a regular turnover of studios. Therefore, anyone desiring to upgrade their assigned studio may do so by submitting a written request for an upgrade. These requests should be addressed to the Graduate Officer.

If, in the opinion of the faculty, a student is not sufficiently utilizing their studio, a request to
vacate may be made. Such a request can be appealed to the Department’s Graduate Committee in Art.

Students who choose to work in a classroom studio facility must consult with the area coordinator through their advisor regarding availability, scheduling studio use, and clearance of safety protocols within the distinct facility. The student’s advisor can help direct them to the appropriate area coordinators that oversee the workspace.

Transfer of Credits
No credits can be transferred to the MFA program at the time of admission from any MA program outside of WSU.

A maximum of 15 credits can be transferred from the WSU MA program to the MFA program. However, the number of transfer credits accepted, up to 15, is at the discretion of the applicant’s admissions committee.

Once enrolled in the MFA program, a student may petition the Department’s Graduate Committee in Art to accept up to three (3) credits from educational institutions outside of WSU. The student must submit a formal request, signed by their advisor, and a copy of the transcripts for the coursework credits requested to the Graduate Committee in Art.

Role and Responsibilities of the MFA Advisor
The advisor’s responsibilities are to explain the program and help the student plan their course of study. Aspects of the advisor’s role include the following points. It is the student’s responsibility to know the program and to maintain close contact with the advisor, in order to keep them informed as to the student’s progress.

Aspects of the advisor’s role include the following points:
- Be appointed by the student’s admissions committee.
- Approve a student’s list of review committee members each semester (student must submit a list to the advisor), who sends the list on to the Graduate Officer.
- Moderate a student’s reviews (including time-keeping for each section of the review).
- Approve a student’s plan of work.
- Approve a student’s course schedule each semester.
- The student must meet with their advisor every semester to review, plan, and approve the student’s course of studies. If desired, the Graduate Officer is also available for advising.

Spring/Summer Semester
No MFA coursework is formally offered during the Spring/Summer semester. However, some courses with graduate level credit are occasionally available in the Spring/Summer term. Any MFA student who might consider enrolling in such courses should first check with their advisor.
**Extensions**

The Master of Fine Arts program must be completed in 3 academic years. Any MFA student wishing to extend their program beyond this limit must obtain permission from the Graduate Committee in Art.

If a student should drop out for a period longer than one semester, they must seek reinstatement, also from the Graduate Committee in Art. That committee may require a special admissions meeting with the student prior to the resumption of work.

**Financial Aid**

For information concerning all available financial aid and scholarships, please consult the WSU Financial Aid office. Applications for graduate teaching assistantships (GTAs) are available through the Department office.
